ADULT ESL (ADE)

ADE 632 - Bridge to Careers - Healthcare (90)
This course introduces ESL students to important healthcare concepts
and professional career development skills to prepare students for
working in a healthcare setting. Students are introduced to medical
terminology in English, the current healthcare system structure and
essential concepts such as HIPAA, documentation and medical
records, patient rights, cultural competency, workplace professionalism,
healthcare ethics and legal responsibilities, environmental safety,
infection control and medical terminology. Communication skills
are practiced with special focus on customer service, interpersonal
communication concepts, and English language development. Students
will also gain professional development skills in successful resume
and application writing, interviewing, and gaining and maintaining
employment.

ADE 641 - ESL Foundations for Healthcare Careers (90)
